

**Electronic GIS Data Policy**  
**City of Hays Information Technology Division**  
**Ellis County Information Technology Department**

The City of Hays and Ellis County make a genuine effort to provide quality data in a timely manner. In order to do so, approved digital GIS data assembled from both agencies is combined and freely available through the internet via web mapping services at <http://www.geodataportal.net/>.

Hardcopy maps and reproductions are also available for sale. For a list of available hardcopy content and detailed pricing schedule, please visit <http://www.geodataportal.net/>.

Options listed above constitute all GIS data offerings provided by the City of Hays and Ellis County in its entirety.

The City of Hays and Ellis County assume no liability whatsoever associated with the use or misuse of such data, and disclaims any representation or warranty as to the accuracy of the data.
